Information leaflet for nationals of Belarus

MIC „Renkuosi Lietuva“

□ To respond to the growing interest of Belarusian nationals about arriving to Lithuania and in cooperation with various Lithuanian institutions, we have prepared an information leaflet that will help answer the main questions related to the arrival of Belarusian nationals in Lithuania.

The information leaflet can be found in English, Russian, and Lithuanian languages. Feel free to spread the word about it with your friends, colleagues and the ones who are looking for more information about life and opportunities in Lithuania.
